

Safety Data Sheet UltraFinish 1L

Date: July, 2024

Section 1. CHEMICAL PRODUCT AND COMPANY IDENTIFICATION

Product name: UltraFinish 1L (Finishing & Viscosity Modifying Concrete Admixture)
Synonyms: None
Chemical family: Specialty Products
Producer: Premiere Concrete Admixtures
508 Cedar Street
Pioneer, Ohio 43554
www.premiereadmix.com

Telephone: 419-737-9808 Available during normal business hours

Emergency: CHEMTREC 800-424-9300 Available 24 hours

Section 2. HAZARDS IDENTIFICATION

GHS Hazard Classification and Label Elements

DANGER — Serious eye damage (category 1)
Acute toxicity, oral (category 4)

(DANGER)

Hazard Statements

H318 Causes serious eye damage
H302 Harmful if swallowed

Precautionary Statements and Symptoms

P260 Avoid breathing mist/spray.
P280 Wear eye and face protection. (see Section 8).
P264 + P270 Wash skin thoroughly after handling. Do not eat, drink, or smoke when using this product.
P303+313 May be harmful if swallowed or in contact with skin.
P310 If in eyes, immediately call a doctor and get medical advice/ attention.
P301+312+P330+P331 If Swallowed: Rinse mouth. Do NOT induce vomiting. Call a poison control center if you feel unwell.
P303+P361+P353+363 If on Skin (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse
P305+310+351+338 If in eyes, rinse continuously for several minutes, remove contact lenses if present and easy to do so, continue rinsing. Immediately call a poison control center (see first aid Section 4).
P337+P313 If eye irritation persists, get medical advice/ attention.
P501 Dispose of contents/ container to an approved waste disposal plant.

Hazards not otherwise classified or not covered by GHS

Inhalation: May irritate the respiratory tract. Avoid breathing mist.
Ingestion: Ingestion is not anticipated in an industrial environment. If ingested, get immediate first aid (Section 4).
Skin contact: May irritate skin. Avoid prolonged or repeated skin contact.
Chronic: NA

Section 3. COMPOSITION / INFORMATION ON INGREDIENTS

Material information:

Name	CAS No.	Weight %
trisodium 1-(4-sulfonatophenyl)-4-(4-sulfonatophenyl azo)-5-pyrazolone-3-carboxylate	1934-21-0	> 0 - < 25*
Erioglaucline disodium salt	3844-45-9	> 0 - < 25*
Non-crystalline silica	7631-86-9	> 0 - < 50*
Non-reportable inert ingredients	-	> 0 - < 50

***Note:** Actual concentration is withheld as a trade secret.

Section 4. FIRST AID MEASURES

- Inhalation:** Move exposed persons to fresh air. If the person is not breathing or breathing is irregular, provide artificial respiration or oxygen by trained personnel. Seek medical attention.
- Skin contact:** Quickly remove contaminated clothing and shoes. Wash affected skin with soap and water. Wash contaminated clothing before reuse. If irritation persists, seek medical attention.
- Ingestion:** Do not induce vomiting unless instructed to do so by a physician or poison control center. Never give anything by mouth to an unconscious person. Call a physician or poison control center immediately.
- Eye contact:** Check for and remove any contact lenses. Flushing eyes with tepid water lifting upper and lower lids occasionally for 15 minutes. If irritation persists, seek medical attention.

Section 5. FIREFIGHTING MEASURES

- Suitable extinguishing media:** Use extinguishing media suitable for the surrounding fire.
- Specific hazards:** None
- Special protective equipment for firefighters:** No special protective equipment.

	NFPA rating:	HMIS rating:
Health:	1	1
Flammability:	0	0
Instability/reactivity:	0	0
Other:	N/A	B (PPE)

Section 6. ACCIDENTAL RELEASE MEASURES

- Personal Precautions:** Immediately contact emergency personnel. Evacuate any potentially affected area and isolate personnel from entry. Ensure adequate ventilation. Do not touch damaged containers or spilled material unless wearing appropriate protective equipment (Section 8).
- Large Spill:** Prevent material from entering drains, surface water, sanitary sewers, etc., by the use of dikes, absorbent materials and booms. Personnel must have appropriate training, per Occupational Safety and Health Administration (OSHA) 29 CFR 1910.120.
- Methods for Containment and Clean up:** Avoid creating or breathing mist. Contain the spilled material with dykes. Collect or absorb spilled material using absorbent media. Remove spilled material to storage for proper disposal.

Section 7. HANDLING AND STORAGE

Handling:	No special handling required.
Storage:	Protect material from temperatures under 32° F (0° C). Store in a dry, well-ventilated place. The average shelf life is 12 months.

Section 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Occupational Exposure Limits:

Name	CAS No.	Exposure Limits ^A		
		ACGIH® TLV®	Federal OSHA PEL	OSHA PEL 1989 ^B
trisodium 1-(4-sulfonatophenyl)-4-(4-sulfonatophenyl azo)-5-pyrazolone-3-carboxylate	1934-21-0	N.A.	N.A.	N.A.
Erioglaucine disodium salt	3844-45-9	N.A.	N.A.	N.A.
Non-crystalline silica	7631-86-9	Not Available	80 mg/m ³ /%SiO ₂	Not Available

^A All exposure limits listed are 8-hour time weighted average (TWA) — except where noted otherwise.

^B Federal OSHA 1989 PELs were vacated but are in use and enforced by many state OSHA plans.

^C Workplace Environmental Exposure Levels (WEEL), American Industrial Hygiene Association.

^D Ceiling limit; this limit must not be exceeded at any time.

Engineering measures: General ventilation is acceptable.

PERSONAL PROTECTIVE EQUIPMENT

Respiratory protection: When engineering controls are not sufficient to reduce exposure to prevent irritation or other symptoms, seek professional advice prior to respirator selection and use. Use a properly fitted NIOSH/MSHA-approved respirator.

Skin and body protection: Handle with nitrile or rubber gloves. Choose body protection according to the amount and concentration skin contact created.

Eye protection: Wear safety glasses with unperforated sideshields.

Hygiene measures: Avoid repeated or prolonged skin exposure. Wash hands after handling and before eating, drinking, smoking, or using toilet facilities.

Other precautions: None

Section 9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance:	Thick liquid
Physical state (solid/liquid/gas):	Liquid
Substance type (pure/mixture):	Mixture
Color:	White
Odor:	None
Molecular weight:	Not available
pH:	9 - 11
Boiling point/range (5-95%):	212°F, 100°C
Melting point/range:	32°F, 0°C
Decomposition temperature:	Not available
Specific gravity:	1.19 – 1.23
Vapor density:	Not available
Vapor pressure:	2260 kPs (17 mm Hg) at 20°C water
Evaporation rate (Butyl acetate= 1):	Slow
Flash point, method used:	Not applicable – material is non-flammable
Water solubility:	100 %

VOC Content: 0 %
Auto-ignition temperature: Material is not self-igniting
Flammable limits in air — lower (%): Not applicable
Flammable limits in air — upper (%): Not applicable

Section 10. STABILITY AND REACTIVITY

Reactivity: No data available
Stability: The material is stable.
Possibly hazardous reactions: None known
Conditions to avoid: None known
Incompatible Materials: None known
Hazardous decomposition products: None expected during normal storage, handling, and use.
Polymerization: Will not occur.

Section 11. TOXICOLOGICAL INFORMATION

Acute toxicity: The following data is reported for the chemical ingredients at a 100% concentration. This mixture has not been tested as a whole.

Product information:

Name	CAS No.	Inhalation:	Dermal:	Oral:
trisodium 1-(4-sulfonatophenyl)-4-(4-sulfonatophenyl azo)-5-pyrazolone-3-carboxylate	1934-21-0	Not available	N.A.	N.A.
Erioglaucline disodium salt	3844-45-9	Not available	N.A.	N.A.
Non-crystalline silica	7631-86-9	Not available	LD ₅₀ (rat): >5000 mg/kg	LD ₅₀ (rat): <5000 mg/kg

Chronic toxicity: Ingredients are not listed by the IARC, NTP, OSHA, or EPA as carcinogenic.

Sensitization: No Effects

Section 12. ECOLOGICAL INFORMATION

Ecotoxicity effects: Not believed to be harmful to aquatic organisms.
Bioaccumulate Potential: There is no evidence to suggest bioaccumulation will occur.
Persistence and degradability: The product is expected to degrade in one month or less.
Mobility in Soil: Accidental spillage may lead to penetration of the soil and groundwater, however; there is no evidence this would cause adverse ecological effects.

Section 13. DISPOSAL CONSIDERATIONS

Disposal considerations: This product is not regulated as a hazardous waste under U.S. RCRA regulations. Dispose in an approved landfill in accordance with state/provincial, and local regulations.

Section 14. TRANSPORT INFORMATION

Please refer to DOT regulation 49 CFR 172.101:

Transport information: Not regulated for transport
Hazardous Materials Description: (DOT and IATA): None
UN/identification no.: None
Proper shipping name: None
Hazard class: None
Packing group: None
DOT reportable quantity (lbs.): None

Section 15. REGULATORY INFORMATION

U.S. federal regulatory information:

State and community right-to-know regulations:

The following component(s) of this material are identified on the regulatory lists below:

U.S. TSCA Chemical inventory Section 8(b), DSL (Canada): All components are listed or exempt.

OSHA — This product is determined to be hazardous as defined in the OSHA Hazard Communications Standard.

CERCLA Sections 102a/103 (40 FR 302.4):

This product is not classified as hazardous or reportable under this requirement.

Some Components of this product are listed in the following sections of **SARA**:

SARA Title III Section 302 — Not applicable

SARA Title III Section 304 — Not applicable

SARA Title III Section 313 — Not applicable

SARA Title III Sections 311/312 Hazardous Categories (40 CFR 370.21)

Acute health hazard: Yes

Chronic health hazard: No

Fire hazard: No

Reactive Hazard: No

Pressure Hazard: No

Marine Pollutant: Not listed

State Regulations: Unknown

California Proposition 65 Components: Not listed

INTERNATIONAL REGULATIONS

Identification According to EEC Directives: Not available

WHMIS (Canada)

Classification: D2B.

NOTE: User must consult with applicable state and local agencies for special specifics, determinations or compliance obligations regarding this product.

Section 16. OTHER INFORMATION

The information and recommendations contained herein are based upon tests, data, and information resources believed to be reliable. However, Premiere Concrete Admixtures (Premiere) does not guarantee the accuracy or completeness, nor shall any of this information constitute a warranty, representation, or license of any kind, whether expressed or implied, as to the safety of goods, the merchantability of the goods or the fitness of the goods for a particular purpose. Premiere assumes no responsibility for injuries proximately caused by use of the Materials if reasonable safety procedures are not followed as stipulated in this Safety Data Sheet. Additionally, Premiere assumes no responsibility for injuries proximately caused by abnormal use of the Material even if reasonable safety procedures are followed. The buyer assumes the risk in its use of the Material.
